## c. Fliegerhorst Kaserne:

- (1) About 200 older troops following a military band marched to the railroad station on 21 December 1949. They were allegedly to return to the Soviet Union, Their baggage/mas carried on two trucks.
- (2) Occupied by about 800 troops, mostly recruits, on 9 January 1950. It was said that a tank unit, an angineer unit (with which Capt IMMENKO was identified as company commander) and a tank repair shop were in the kaserne.

## 25X1 comment:

a. The report confirms that component units of the 9th Tank Livere stationed in OSCHATE. It is believed that the 27rd Tank Regt and, possibly, the 8th Ltz Rifle boot are there.

b. The mention of an engineer unit is the Fliegerhorst Kaserne indicates that the ? No. Engr Bn of the 9th Tank Div is stationed in OSCLATZ and not, as was previously assumed (July 1947), in ZEITHAIN.
